ABOUT JINHU

As a professional truck mud flap manufacturer with over 20 years of industry experience, we specialize in producing durable and customizable mud flaps for trucks, trailers, and commercial vehicles.

We offer a variety of materials, including PVC, Rubber, PU, TPE, and Silicone, to meet different performance and market requirements.

Custom sizes, colors, shapes, and logos are available through various production processes, including silicone dispensing, compression molding, injection molding, and screen printing. Our products are exported to more than 50 countries and trusted by distributors, wholesalers, and truck accessory brands worldwide.

► GRAPHIC SERVICES

We offer free logo design and artwork layout services to support your customization needs. The design drawings are provided for reference and confirmation before production.

For custom logo printing, high-resolution artwork is preferred, ideally in vector format. If high-resolution or vector files are not available, we can assist with artwork reconstruction if needed, and additional charges may apply depending on complexity.

► JINHU MUDFLAPS

- Minimum Order Quantity (MOQ)

Custom logo mud flaps: minimum order quantity is 100 pieces.

- Logo Mold Charges

For orders of 5000 pieces or more, the logo mold charge will be waived.

The mold fee will be determined based on the material of the mud flap and the complexity of the logo design. The logo will be evaluated before production, and any applicable mold charge will be confirmed with the customer in advance.

Please contact Jinhu Sales for more details.

- Custom Colors

Custom mud flap colors can be made upon request. Color standards are based on the Pantone Color Matching System (PANTONE). If you require other custom colors, please refer to the Pantone color chart for selection.

For logo printing, standard colors are included. Special logo color requirements may incur an additional charge depending on the specification.

- Shapes & Cutting Options

Standard shapes: square or rectangle.

Custom options available, including angled cuts, rounded corners, and other custom shapes.

Please contact Jinhu Sales for customization details and pricing.
